# TIPS & TOOLS FOR PARENTING TEENAGERS

## **Strong Families Series: Tips & Tools for Parenting Teenagers**

Parkland School Division is proud to present another **FREE** information session for caregivers. Our upcoming session will help parents and guardians guide their teenage children through this often tumultuous time of life, while minimizing family conflict by striking the right balance between teenage autonomy and parent authority.

Date: **Tuesday, April 16, 2019**

Time: **6-7:30pm**

Location: **Parkland School Division Centre For Education Board Room** (4603 48th Street, Stony Plain)

Parenting teenagers offers both challenges and opportunities. As teenagers seek independence, they are likely to push their boundaries in a variety of ways. While these challenges may create relational conflict, having the right tools to navigate such conflicts can create opportunities to strengthen the bond between teen and parent.

Join us this for this interactive session that provides parents with practical tips and tools to navigate challenges, improve communication and enhance their connection with their teenager.

A light supper will be provided. Limited childcare is available.

Space is limited, so please register early to reserve your spot.
